Bagumbong National High School   **Jala-Jala, Rizal**
Junior High School Diploma, With Honor   2020

Experience

SPES   **Jala-Jala, Rizal**

Student Assistant   2022
- Assisted students, parents, and visitors at the entrance desk, providing accurate information and directing inquiries to appropriate offices.
- Supported the school registrar in organizing student records, encoding data, and maintaining confidential filles with attention to accuracy.
- Coordinated with the Principal's Office to prepare documents.
- Developed interpersonal and communication skills.

Technical Skills

Design & Tools: Figma, Cisco Packet Tracer, MS Word, MS PowerPoint

Project

NIDStoKnow: Capstone
Designed the user interface of an interactive learning platform on Network Intrusion Detection Systems (NIDS), from the theme color, layout, and logo to ensure a cohesive and engaging user experience while supporting students in learning, simulating, and applying real-world networking concepts.

NetMastery Hub: Project
Designed the user interface and visual identity of an online learning platform for network enthusiasts, focusing on usability, theme consistency, and intuitive navigation; the system provides structured courses and issues certificates upon completion to support skill development in networking.

PulseSentry: Project
Designed the smartwatch and mobile app interfaces for PulseSentry, an assistive system that detects familiar sounds and alerts hearing-impaired individuals through their smartwatch; the system connects to a mobile device to notify relatives, enabling immediate response and enhancing user safety.

Skills & Interests

Soft Skills: Creativity, Communication, Active Listening, Attention to Detail and Accuracy, Professionalism, and Work Ethic
Language: Filipino (Fluent), English (Intermediate)
Interests: Data Analytics, Linux, UI/UX
